MODIFIERS TO BASE RATE		
Interpreter	Multiply base rate by 1.10	
AME	Multiply base rate by 1.35	
Toxicologist/Oncologist	Multiply base rate by 1.50	Physician must be board certified in Toxicology/Oncology, certified as a QME in Internal Medicine, or board certified in Internal Medicine when a Toxicology/Oncology evaluation is the primary focus of the med-legal evaluation.
Psychologist/Psychiatrist	Multiply base rate by 2.0	

Special considerations for supplemental report billing & supplemental report billing in regards to sub rosa:

- Fees will not be allowed for supplemental reports: (1) following the physicians review of information which was available in physician's office for review or was included in the medical record provided to the physician prior to preparing a comprehensive medical-legal report or a follow-up medical-legal report; or (2) addresssing an issue that was requested by a party to the action to be addressed in a prior comprehensive medical-legal evaluation, a prior follow-up medical-legal evaluation, or a prior supplemental medical-legal evaluation.
- If the sub rosa recordings are received by physician prior to issuance of a pending report related to a med-legal evaluation, the physician may not also bill a supplemental report fee in connection with the review of sub rosa material.
